

2001 Distinguished Service Award

Reynold Kagiwada

The Distinguished Service Award is presented to recognize an individual who has given outstanding service for the benefit and advancement of the Microwave Theory and Techniques Society. This year's recipient is Dr. Reynold Kagiwada, whose citation reads **"For his outstanding and dedicated service to the Society."**

Reynold Kagiwada received his B.S., M.S., and Ph.D from UCLA. He has conducted and managed research and development for over 30 years in the fields of microwave and millimeter waves. Dr. Kagiwada holds nine patents and has co-authored 46 technical papers. He is presently an Advanced Technology manager at TRW, responsible for technical management, strategic planning, and maintains current awareness of electronic technology developments and trends.

Reynold Kagiwada

Dr. Kagiwada is a Past President of MTT-S and has chaired several committees within MTT-S: Newsletter, Technical Committee, Education Committee, Budget Committee, Long Range Planning and Nomination and Appointment Committee. He has also been heavily involved for several years with MTT-S International Microwave Symposium serving on both the Technical Program Committee and the Steering Committee. He has been the Technical Program Chairman for two International Microwave Symposia. For several years, Dr. Kagiwada has worked on the Technical Committee and Steering Committee for the Microwave and Millimeter-Wave Monolithic Circuits Symposium, which has been renamed RF Integrated Circuits Symposium. He has served as Chairman, Vice Chairman, Technical Program Chairman, Finance Chairman and Local Arrangement Chairman.

Dr. Kagiwada is an IEEE Fellow, recipient of an IEEE Third Millennium Medal and the N. Walter Cox Award. He is also a Gold Medal recipient for TRW Ramo Transfer Award.
